

## BUILDING CHATBOT AND INTEGRATE TO APPLICATION

Date	1 Nov 2022
Team ID	PNT2022TMID26539
Project Name	Smart Fashion Recommender Application
Team Members:	Santosh V Sachin PJ Pratheev J Srivarshan R

## Process

The screenshot displays the IBM Cloud Watson Assistant management interface. The browser address bar shows the URL: `cloud.ibm.com/services/conversation/cm%3Av1%3Abluemix%3Apublic%3Aconversation%3Aau-syd%3Aa%2F2c515115b559454a69ac99ca205b2f5%3A9126d030-4dc5-4d4c-8c31-9c4a445b...`. The page title is "Watson Assistant-8a" with a status of "Active". The left sidebar contains navigation links: "Manage", "Service credentials", "Plan", and "Connections". The main content area is titled "Start by launching the tool" and includes a "Launch Watson Assistant" button, a "Getting started tutorial" link, and an "API reference" link. On the right, there is a "Plan" section showing "Lite" and an "Upgrade" button. Below the main content, the "Credentials" section is visible, showing the "API key" and "URL" fields. The "URL" field contains the value: `https://api.au-syd.assistant.watson.cloud.ibm.com/instances/9126d030-4dc5-4d4c-8c31-9c4a445b...`. The bottom of the screen shows a Windows taskbar with various application icons and a system tray indicating the temperature (25°C), weather (Partly cloudy), and time (8:33 PM, 11/17/2022).
